PRESS RELEASE

PSE AND CARSON SAFETY APPAREL ARE BRINGING YOU THE ULTIMATE TREESTAND SAFETY GEAR

Tucson, AZ – Precision Shooting Equipment, Inc., manufacturer of high quality archery equipment, announces a partnership to be the exclusive distributor for Carson Safety Apparel (CSS).

More than just a safety harness sewn into a vest, the CSS System is truly a revolutionary safety apparel line. The CSS system is a full line of hunting garments with an integrated harness providing maximum treestand safety. CSS garments are unique in that the safety system is designed to be worn on the inside of the garment. No longer is your safety system an additional layer that must be worn on the outside of your hunting clothes.

CSS also using the latest advancements in technology incorporating waterproof/breathable fabrics, insulated options, reversible options, ScentZro™ antimicrobial fabric, and all the design features that hunters demand. The CSS Hunting Safety Apparel system is truly the next generation of safety apparel.

The CSS system line includes 7 garments that are engineered to work together for any hunting situation. Options include reversible garments for the multi-season hunter, lightweight options for early season bowhunters, insulated garments for cold weather hunters and even a pant option. Each garment is engineered to include all the features serious hunters require in a hunting garment as well as one of the finest and most comfortable safety systems on the market.

“The designs and features of these garments are what makes them stand out,” said Jonathan Shepley, PSE’s Vice-President of Sales and Marketing. “There is a wide range of products from which to choose. Each and every product is not only designed for safety, but also includes pockets and features that hunters need. CSS systems are a complete safety package.”

For more information on the CSS system that is distributed exclusively by PSE, please visit the website online at www.pse-archery.com or contact Precision Shooting Equipment, Inc. at (800) 477-7789 or (520) 884-9065.
